PACMIRS LIBRARY

BIBLIOGRAPHICAL) 1 August 1945

SERIES NUMBER 1)

GEOGRAPHICAL REFERENCE MATERIAL

I. This Bibliography is published to acquaint PACMIRS personnel with reference material in the fields of geography and terrain intelligence available for their use. It is arranged by geographic areas.

II. Maps are filed according to the Army Map Service Theater Area system. This consists of a letter designating Theater, a figure designating sub-area, "G" or "S" indicating a general (single sheet) map or set of maps, a figure indicating type of map, abbreviation of issuing authority, and scale. For example, L7-S30-AMS-1,000 means Theater area L (China-Japan), sub-area 7 (Japan), 30 (Topographic map), issued by AMS (Army Map Service), and scale 1:1,000,000. In the scale designation, the last three digits are omitted if they are zeros.

III. The following table lists the Theater area letters with their equivalents:

A--North America
B--Arctic Regions
C--Greenland-Iceland
D--Antarctic Regions
E--Caribbean
F--Mexico
G--West Africa
H--Eastern South America
J--Western South America
K--Near East
L--China-Japan
M--Europe
N--USSR
O--East Africa
P--North Africa
Q--Alaska
R--Western South Pacific
S--Philippines
T--East Indies
U--India-Burma
V--United States
W--North Pacific
X--South Pacific
Y--South Africa
Z--Central Africa

IV. The following table lists map classifications by type numbers with their equivalents:

12--Agricultural
14--Geological
15--Physical
17--Military information
19--Radio
22--Waterways
24--Roads
24.5--Roads, general highway maps
25--Aeronautical
26--Communications
27--Cadastral (Ownership patterns)
28--Political (Boundaries, etc)
29--Topographic (no relief shown)
30--Topographic (contours, numbered form lines)
30.5--Topographic (relief, hill shading, hachures)
